Don't worry, everything is keyed and stretched to the BPM for you!

KEY: B Minor BPM: 125 Parts can be found below, in Instrumental and Vocal forms!

https://drive.google.com/drive/folders/1V6hWkSzSBl ^ comedy Haha

Arrangement parts are encouraged! As long as theyre the same BPM, it'll be fine!

Mashup parts must have two or more sources added at once.

ie, you cant just add an acapella and submit.

Think of the Gourmet Race Fusion collab when it comes to this.

Mostly stylized megamashups with some amazing arrangements thrown in.

Arrangement	Mashup	Open	WIP / Claimed	Done

Be sure to submit your sections without the base instrumental!

Each submitter can take FOUR SLOTS, but none back to back (no chaining)

There are currently 32 parts, but I can add a third loop if demand is high!

Submissions must be **on key, on beat,** and **sound good.**

BONUS TASK!!!!!!!!!!!!!!!!!

Record audio of yourself saying "Oh, those Russians." for the ending.

I laugh
